

Dear Congressman,

Please do everything you can to support Congressman Pete King's **House Resolution 1489** (which calls for an independent international investigation of the April 10, 2010 plane crash in Smolensk, Russia that killed the President of Poland and 95 other prominent political, military, social, and religious leaders, **including one American citizen**, Mr. Wojciech Seweryn, the son of one of the 22,000 Polish soldiers murdered by the Soviets in Katyn, Russia in 1940).

The recent actions of Russian officials clearly show that Russia is not interested in revealing the real cause of the crash. More than ten months have passed since the crash, yet Russian authorities still haven't given back the plane's flight data recorders and the wreckage of the to the Republic of Poland. Furthermore, Polish legislators and journalist possess video recordings that show Russian soldiers mutilating the wreckage.

Poles and Polish-Americans deserve and demand to know all of the facts concerning this unprecedented tragedy. Was the crash a political assassination, or was it caused unintentionally by incompetent Russian airport personnel? Only an independent international investigation can come close to answering this question.

Polish-American voters are counting on you to support **H.R. 1489**.

I hope to hear from you soon.

Sincerely.
